Description:

Economical universal fuel-saving motor oil developed using the latest technology formulated with specially selected synthetic base oils and a well-balanced set of advanced additives to ensure the following properties:

- Lower fuel consumption;
- Mid-SAPS;
- Suitable for modern catalytic converters;
- Quick cold start;
- Stable lubricating film at high temperatures;
- Extended oil change intervals;
- Excellent detergent and dispersant properties;
- Effective protection against wear, corrosion, and foaming.

Application:

Universal fuel-saving motor oil specially developed for petrol and diesel engines with or without turbocharging, for passenger cars and delivery vans with extended oil change intervals. The oil also helps to extend the service life of diesel particulate filters. Thanks to the special formulation, the product complies with VW 504.00/507.00 requirements, also known as VW Longlife III.
